INTRODUCTION LETTER

Dear Sir,

It is my pleasure to introduce our organisation **M/S RK Electricals & Electronics** as one of the leading service provider in the field of Electrical installation, Commissioning and maintenance. It was registered in the year of 1998 in the city of Bhubaneswar & providing services to the state of Odisha as well as to outside of Odisha. As a highly skilled Electrical Professional with more than 25+ years of invaluable experience & a team of highly dedicated staffs we have a very good name in the Industry segment & few of our services line are mentioned below for your kind perusal.

1. Full design of single phase & 3 phase Electrical system with preparation of Wiring Diagram schematics/ blueprint and execution of work as per blueprint. Internal & External lighting.
2. Electrification of industrial & residential complexes.
3. Overhead power line installation.
4. Distribution substation installation & commissioning.
5. Installation of Electrical Equipment in the domestic as well as in Industrial buildings & annual maintenance contract (AMC) of the items as per company policy.
6. Electrification of HT/LT line, 3-phase & single phase wiring, switchgear panel installation, commissioning and cable installation.
7. All types of Earthing for domestic & Industrial use with highly protective chemical earthing & use of surge protection devices for optimum safety of the Electrical devices.
8. Complete solution to IT companies like design of internal data cable network(LAN/WAN), Computer Networking, Wi-Fi, installation of server for data backup, Installation of On-Line UPS for power back up etc.
9. Installation of On-Line UPS (Up to 600 KVA) for huge back up, installation of CCTV, EPABX etc.
10. Manufacturing of 3-phase HT/LT switchgear panel, BDB Box, DB Box, Meter Box and other distribution box.

11. Building breaking, Rod pasting & fabrication work linked to Electrical System Maintenance.
12. Repair of Electrical Fan/Motor/Grinder/Air Conditioner /Stabilizer/Refrigerator etc.
13. Installation of Audio visual system like Projector, Sound system, Bluetooth facility for Conference as well as production Floor.
14. Upgrading the old Electrical network facility to a latest one by implementation of latest technology & Electrical fittings to save consumption of power & reduce the Electricity bill.

I would love to participate in any of the future requirements from your side & show case our service commitment on the above areas.

Looking forward to hear from you.

Thanking You,

Yours sincerely,

Kamal Lochan Parida.(Proprietor)
